Net weight:	1.15 kg
Gross weight:	1.16 kg

DATASHEET

SEAT TEC

This robust, adjustable positioning seat has been developed for prolonged working at height and offers a high level of comfort and stability. The generously padded seat with rigid edges prevents the suspension straps from cutting into the legs. Adjustable side straps with self-locking buckles allow for individual adjustment.

The seat is designed to be combined with a full-body harness with five attachment points. Four sling gear loops on the sides are connected directly to the support plate, while three lower loops ensure a balanced distribution of equipment.

Attention! This is not PPE.

FEATURES

Colour: Black, Orange

Number of material loops 7 kg: 0

Number of material loops 10 kg: 0

Number of material loops 15 kg: 0

Maximum lifetime: 10 years

Minimum temperature: -20 °C

Maximum temperature: 60 °C
